

SUSTAINABILITY REPORT 2026

OUR COMMITMENT TO A MORE SUSTAINABLE FUTURE

We are committed to advanced technological solutions as well as social responsibility.

We are actively involved in the community, supporting projects with social and sustainability impact to protect the environment and reducing our carbon footprint.

Although we are a service-oriented company and do not directly contribute to pollution, we understand the significant importance of our role in the chain of ecological progress.

We strive to be a good example and have a positive impact on the environment through responsible actions and our commitment to sustainability.

Our actions are diverse, in the fields of culture, health, sports, and social and environmental responsibility.

Parteneri Transylvania Open 2025

For the 4th year in a row, we proudly supported the best **WTA 250 tournament** of 2022, bringing together top women's #tennis players from Romania and around the world. Through this initiative, we actively engage with the #community, promoting a healthy lifestyle through sports and supporting a more sustainable, healthier, and vibrant future.

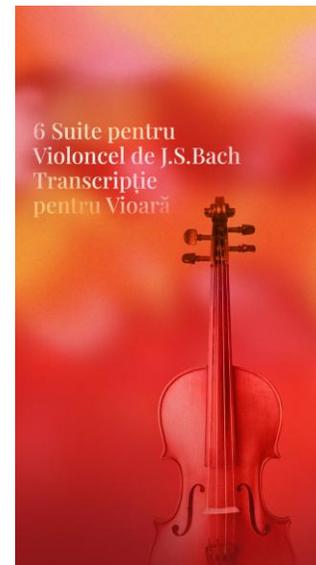

CSR PROJECTS

CULTURE

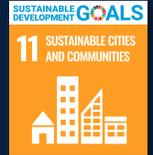

Partners of International Stradivarius Tour 2024: METAMORPHOSES

We consider the Stradivarius International Tour 2024 - METAMORPHOSES to be a remarkable cultural event for the celebration of music and culture. We are delighted to participate in this festival as partners and to support its goal of promoting culture and art through the mastery of exceptional musical performances.

CSR PROJECTS

CULTURE

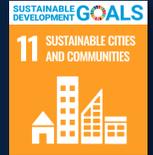

Partners of George Enescu Festival

We believe that the George Enescu International Festival is an exceptional cultural event that brings together people from all over the world to celebrate music and culture. We are excited to be a part of this event and to support its mission to promote Romanian art and culture.

CSR PROJECTS

CULTURE

Partners of TENJIN MATSURI Festival

BRINEL - partner of the Tenjin Matsuri Festival, one of the largest festivals in Japan, which took place at the I. L. Caragiale National Theater in Bucharest. The event was a unique opportunity to discover Japanese culture through impressive Taiko drum shows, traditional dances, and colorful parades. It was a special moment, made possible thanks to the close collaboration between the Governments of Romania and Japan.

CSR PROJECTS

ENVIRONMENT

Partners of Danubius Summer School

DANUBIUS Summer School is organized by the Babeş-Bolyai University, through the Faculty of Science and Environmental Engineering and the UNESCO Chair for Sustainable Development and Climate Change and the National Institute for Research and Development for Geology and Marine Geoecology (GeoEcoMar).

BRINEL was the main supporter of this action and provided the opportunity for students and faculty to research and evaluate the quality and management of water resources in the Danube River – Danube Delta – Black Sea system.

CSR PROJECTS

EDUCATION

Partners of Innova Academy 2.0

We actively support the development of the educational environment through initiatives that directly address it. For two consecutive years, we have supported the Innova Academy project organized by the French Business Club in Cluj-Napoca, USAMV Cluj-Napoca, the Agence Universitaire de la Francophonie (AUF), the Babeş-Bolyai University, and the Technical University of Cluj-Napoca.

CSR PROJECTS

COMMUNITY

Supporting Charity Fairs

For 7 years, we have been supporting the activities of the Casuta Bucuriei children's home.

On the occasion of each holiday, we organize charity fairs where children from Căsuța Bucuriei sell their handmade creations.

OUR AWARDS

HP designed the program to help partner companies of all sizes collaborate to create a low-carbon society. At the same time, the Amplify Impact Program celebrates inclusion and diversity to reduce the digital divide. It was launched in November 2020 and is the flagship global program that celebrates dynamic communication between partners. The **HP Amplify Impact Program** focuses on continuous growth and providing excellent customer service. The initiative is easy to follow and offers a simplified approach. The core values of the program are **#capabilities**, **#collaboration**, and **#performance**.

The HP Amplify Catalyst 3-star rating is the first step in making sustainable change. It will maximize economic opportunities so that HP partners can gain a competitive advantage in their industry.

The certification demonstrates the company's commitment to sustainability.

The certification shows that we are constantly transferring knowledge to employees and environmentally conscious customers and providing information about sustainable business practices.
